New University Facilities and Administrative Rates

The University has negotiated with the Federal government to establish new Facilities and Administrative (F&A) rates, sometimes referred to as overhead or indirect cost rates. These new rates are effective for the next two fiscal years – fiscal 2016 and 2017 – and pertain only to sponsored activity.

The Facilities and Administrative rates for fiscal years 2016 and 2017 (July 1st through June 30th), are as follows:

Sponsored research, on campus	50.00%
Sponsored research, off campus	26.00%
Sponsored training, on campus	34.00%
Sponsored training, off campus	26.00%
Sponsored other, on campus	35.00%
Sponsored other, off campus	26.00%

In accordance with federal regulations, awards received prior to July 1, 2015 with a start date prior to July 1, 2015 will carry the F&A rate for the period the award was made. New awards with a start date of July 1, 2015 or later will carry the F&A rates listed above.
